AERIE 1968

Temoignage

Nestled snugly in a valley formation of Bowling Green Mountain in Jefferson township, New Jersey, is a proud and youthful community. The members of this community are advancing through knowledge, determination and understanding to a point when they will be capable of greeting the world with a firm handshake. Jefferson, our hearts to thee show endearment.

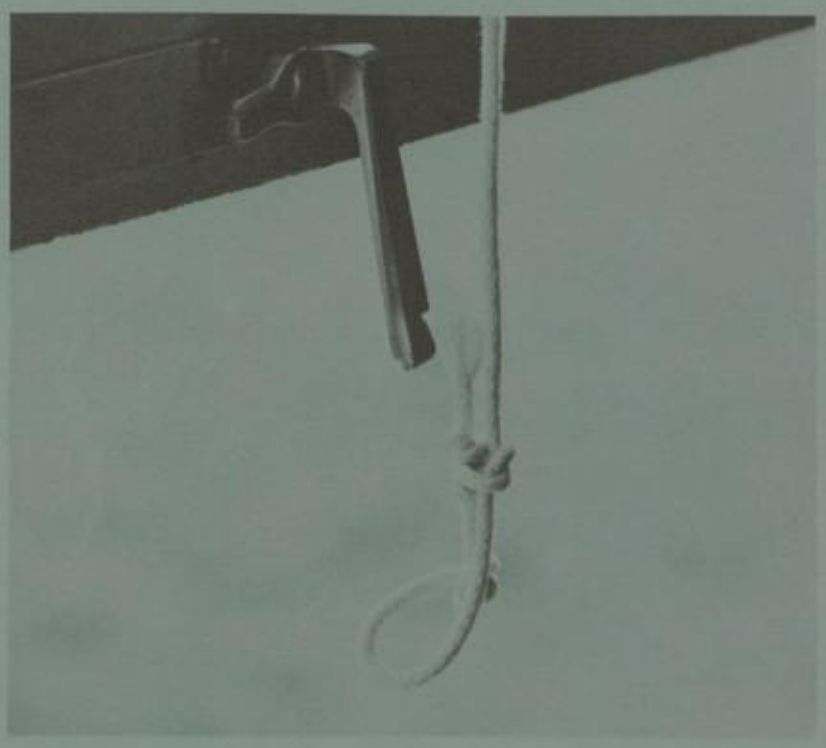
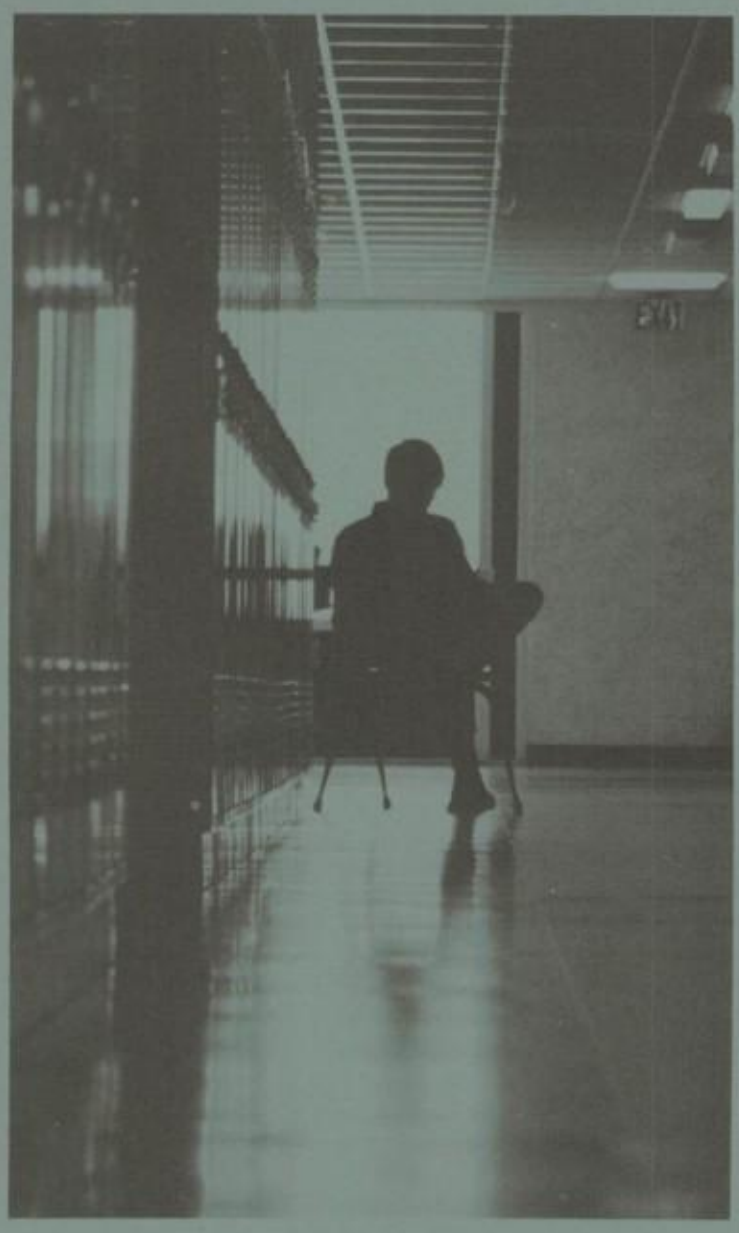
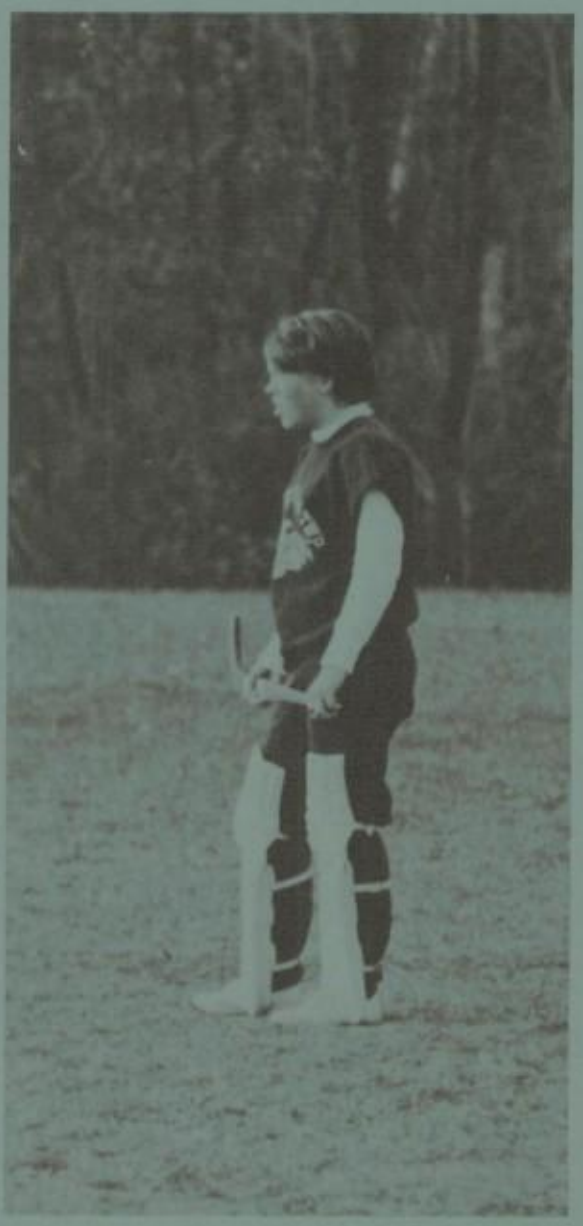
The camaraderie found at Jefferson Township High School is a bit unlike the friendship usually shared. Somehow, we're closer . . . someday we'll be thankful for it . . . somewhere.

Testimonio

At times the days seemed trying but we had a unique ability to overcome even the most taxing situations.



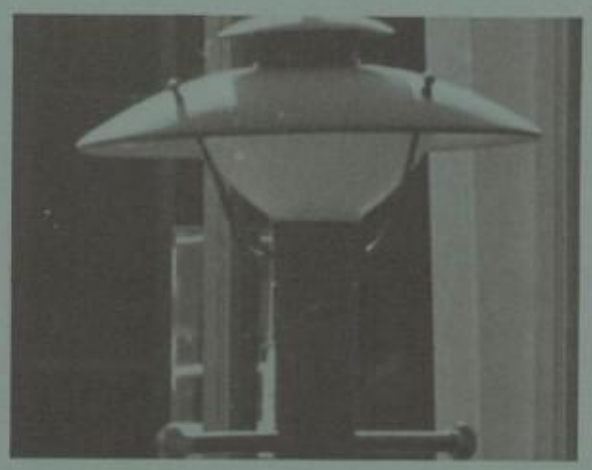




"See how their eyes observe some inward sight and how their living takes no room at all."

El Greco
E. L. M oya

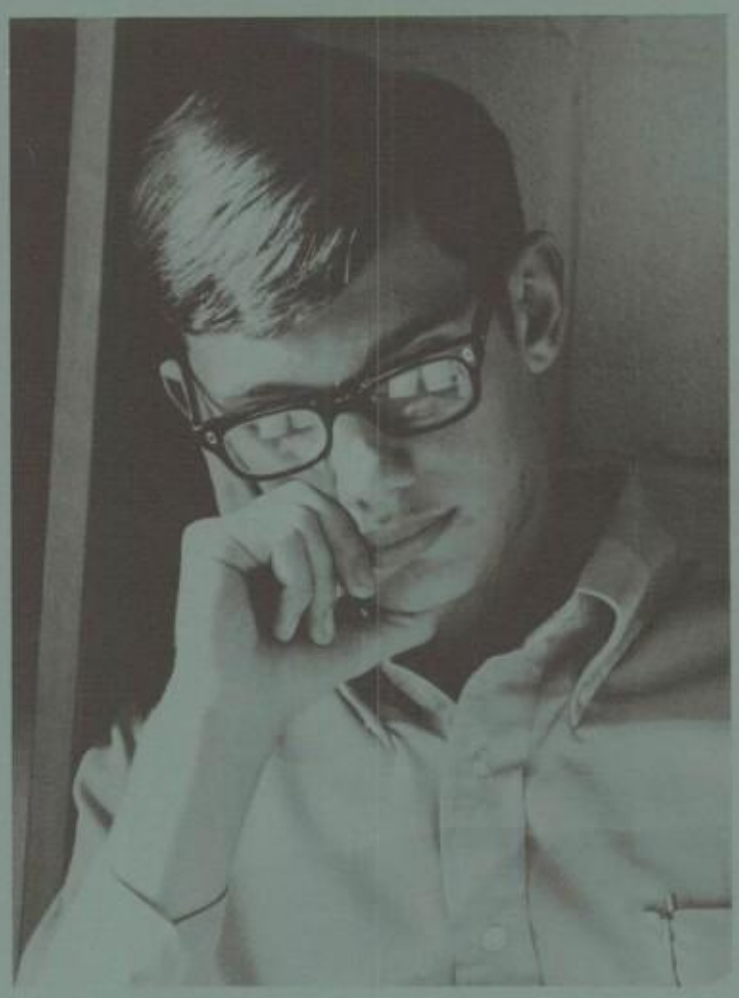
Feugnis



Prova

"Though half a score of years are gone,
spring comes as sharply now as then —
but if we had it all to do
it would be done the same again."

S. Teasdale
Wisdom



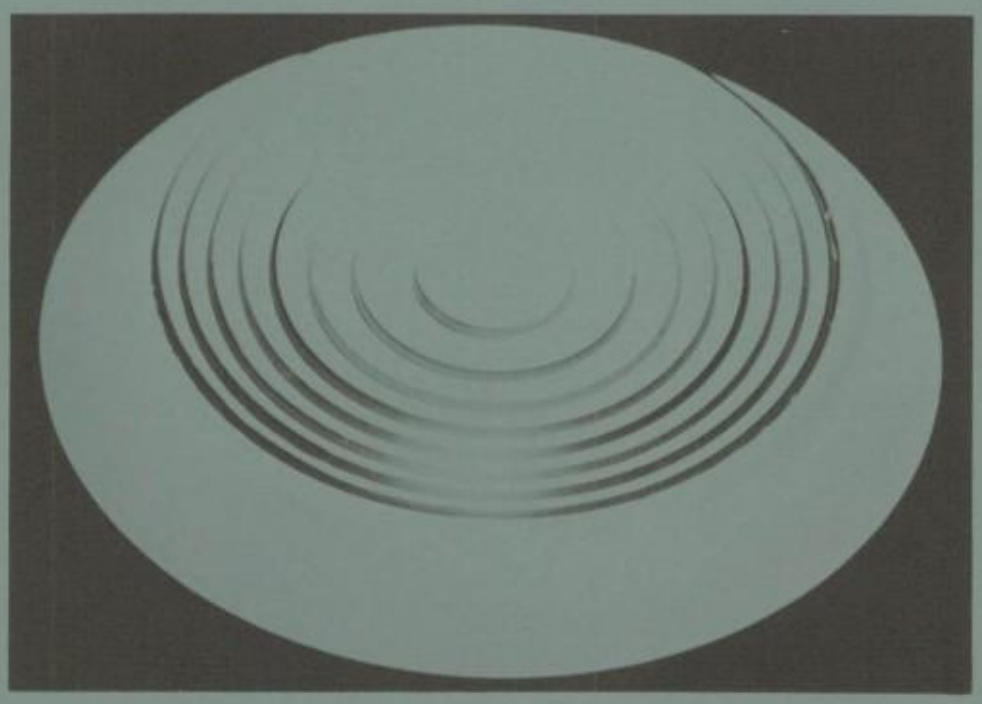
Testimony

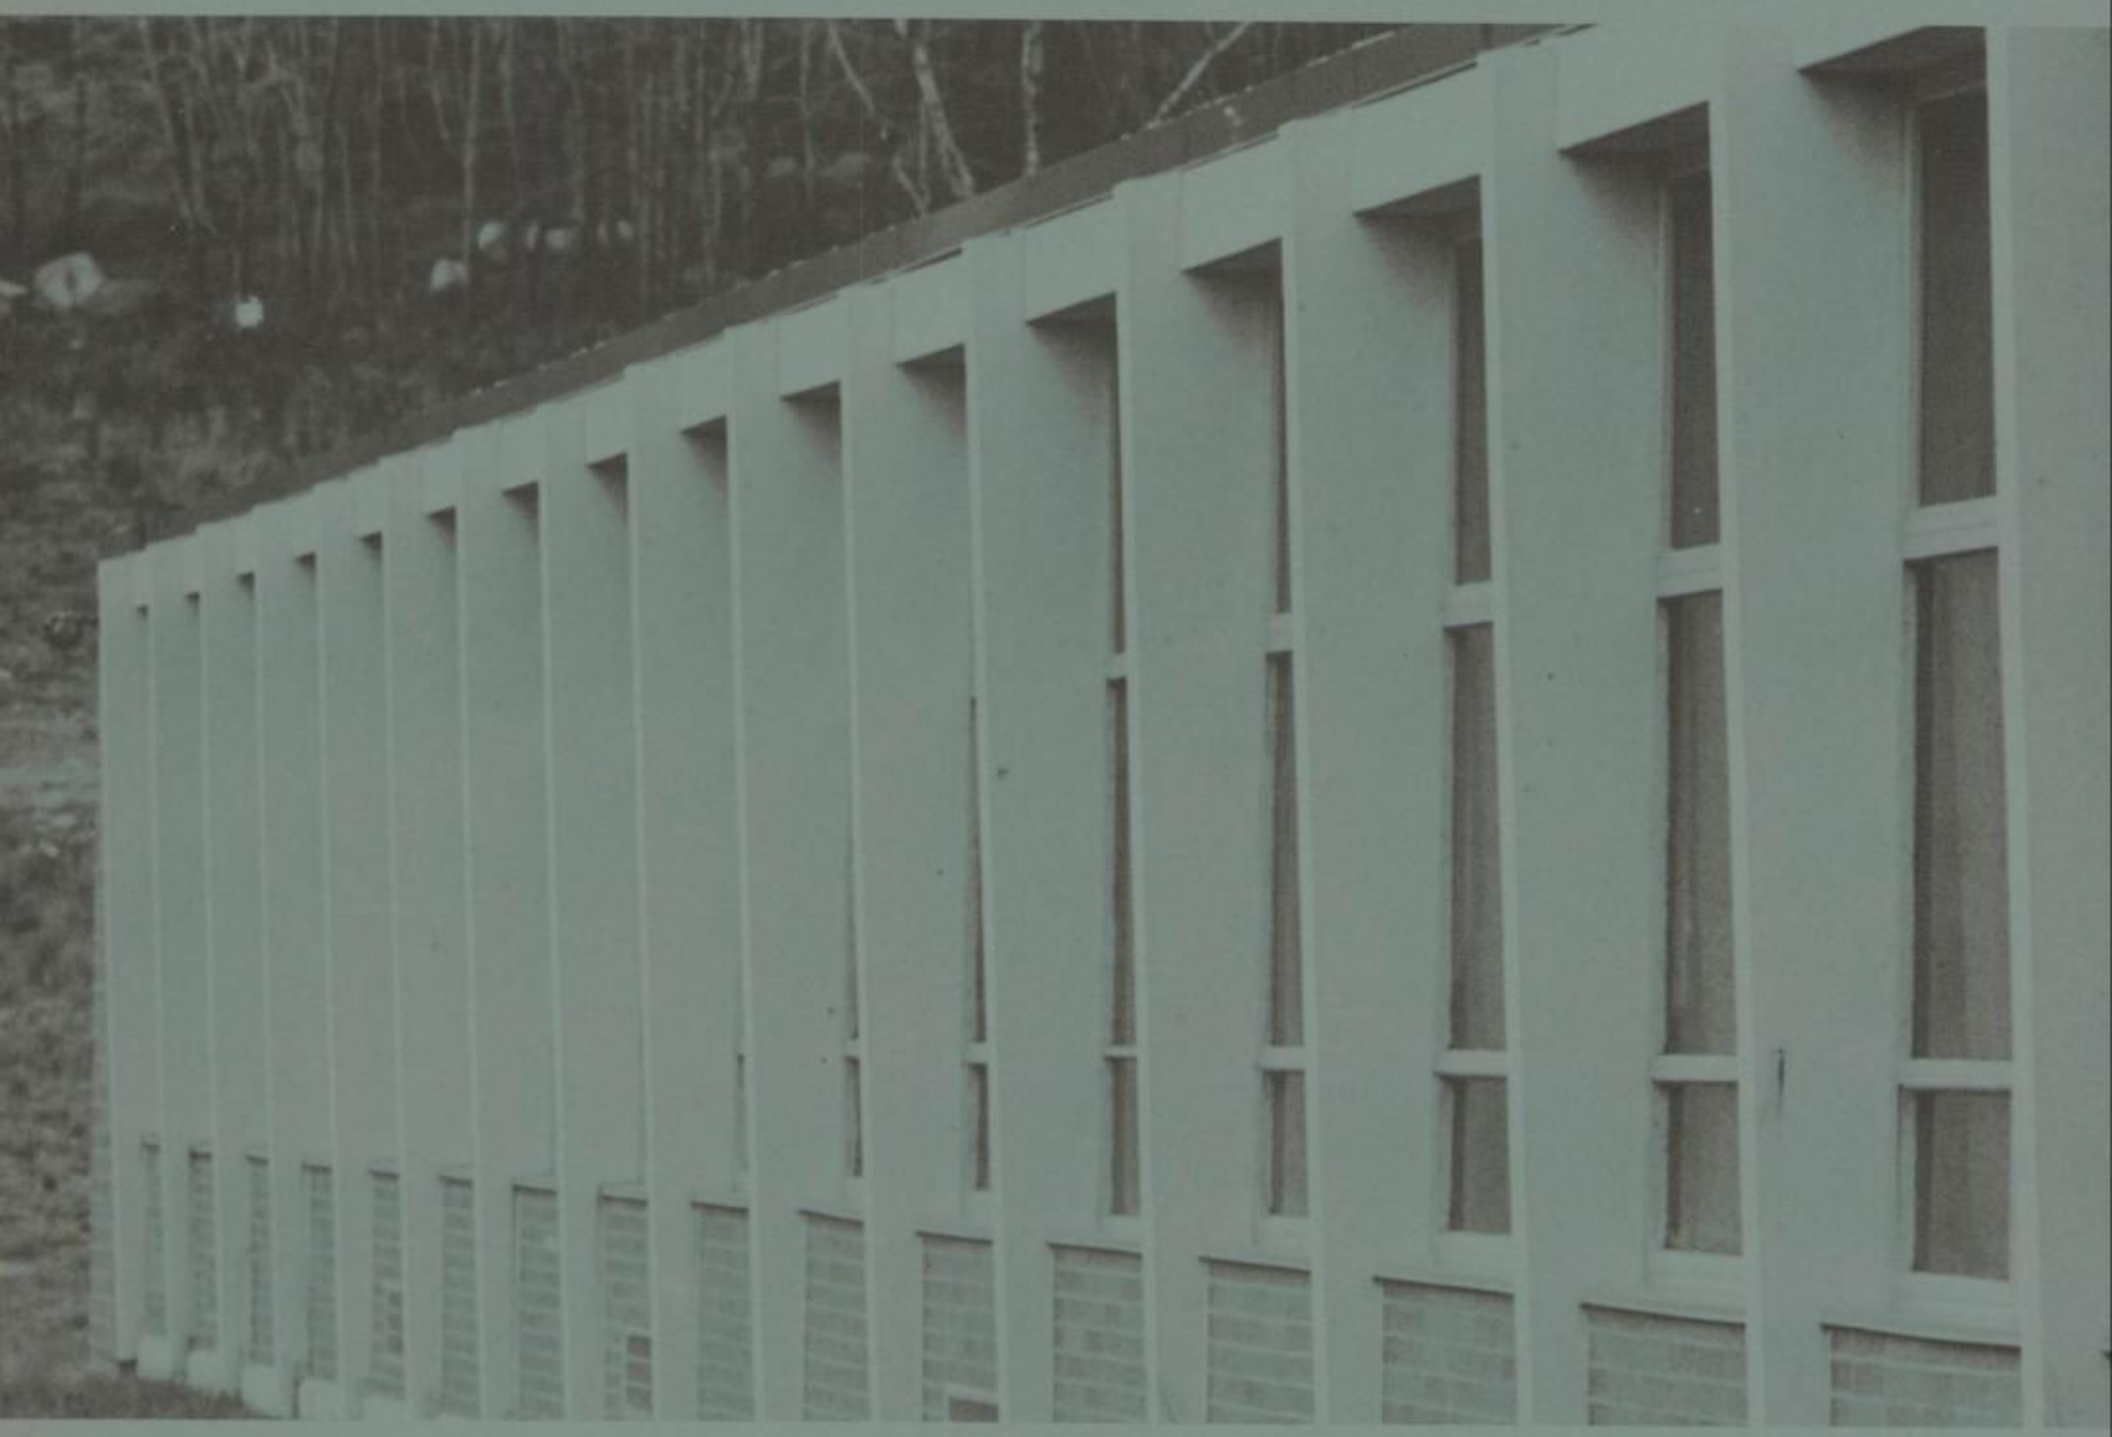
"Fearful of beauty, I always went
Timidly indifferent:

Dainty, hesitant, taking in
Just what was tiniest and thin;

Careful not to care
For burning beauty in blue air . . ."

The Enamel Girl
Genevieve Taggard





May we present The AERIE

"Let us go then, You and I,
When the evening is spread out against the sky
Like a patient etherized upon a table;
Let us go, through certain half-deserted streets,
The muttering retreats
Of restless nights in one-night cheap hotels
And sawdust restaurants with oyster-shells:
Streets that follow like a tedious argument
Of insidious intent
To lead you to an overwhelming question . . .
Oh, do not ask, What is it?
Let us go and make our visit."

To the members of the Class of 1968:

I sincerely want to wish you the very best that life has to offer, for you have certainly proved yourselves worthy of it.

The Class of 1968 is a very special class to me and, somehow, perhaps because we've spent a full high school life together, I feel there will be a certain emptiness here at Jefferson as you walk away from the graduation platform — your final act as the Class of 1968.

I have a thought for you that I'd like you to remember whenever you reminisce about your days at Jefferson . . . "Make new friends, but keep the old. These are silver, those are gold."

My warmest wishes to you all,

John J Markey

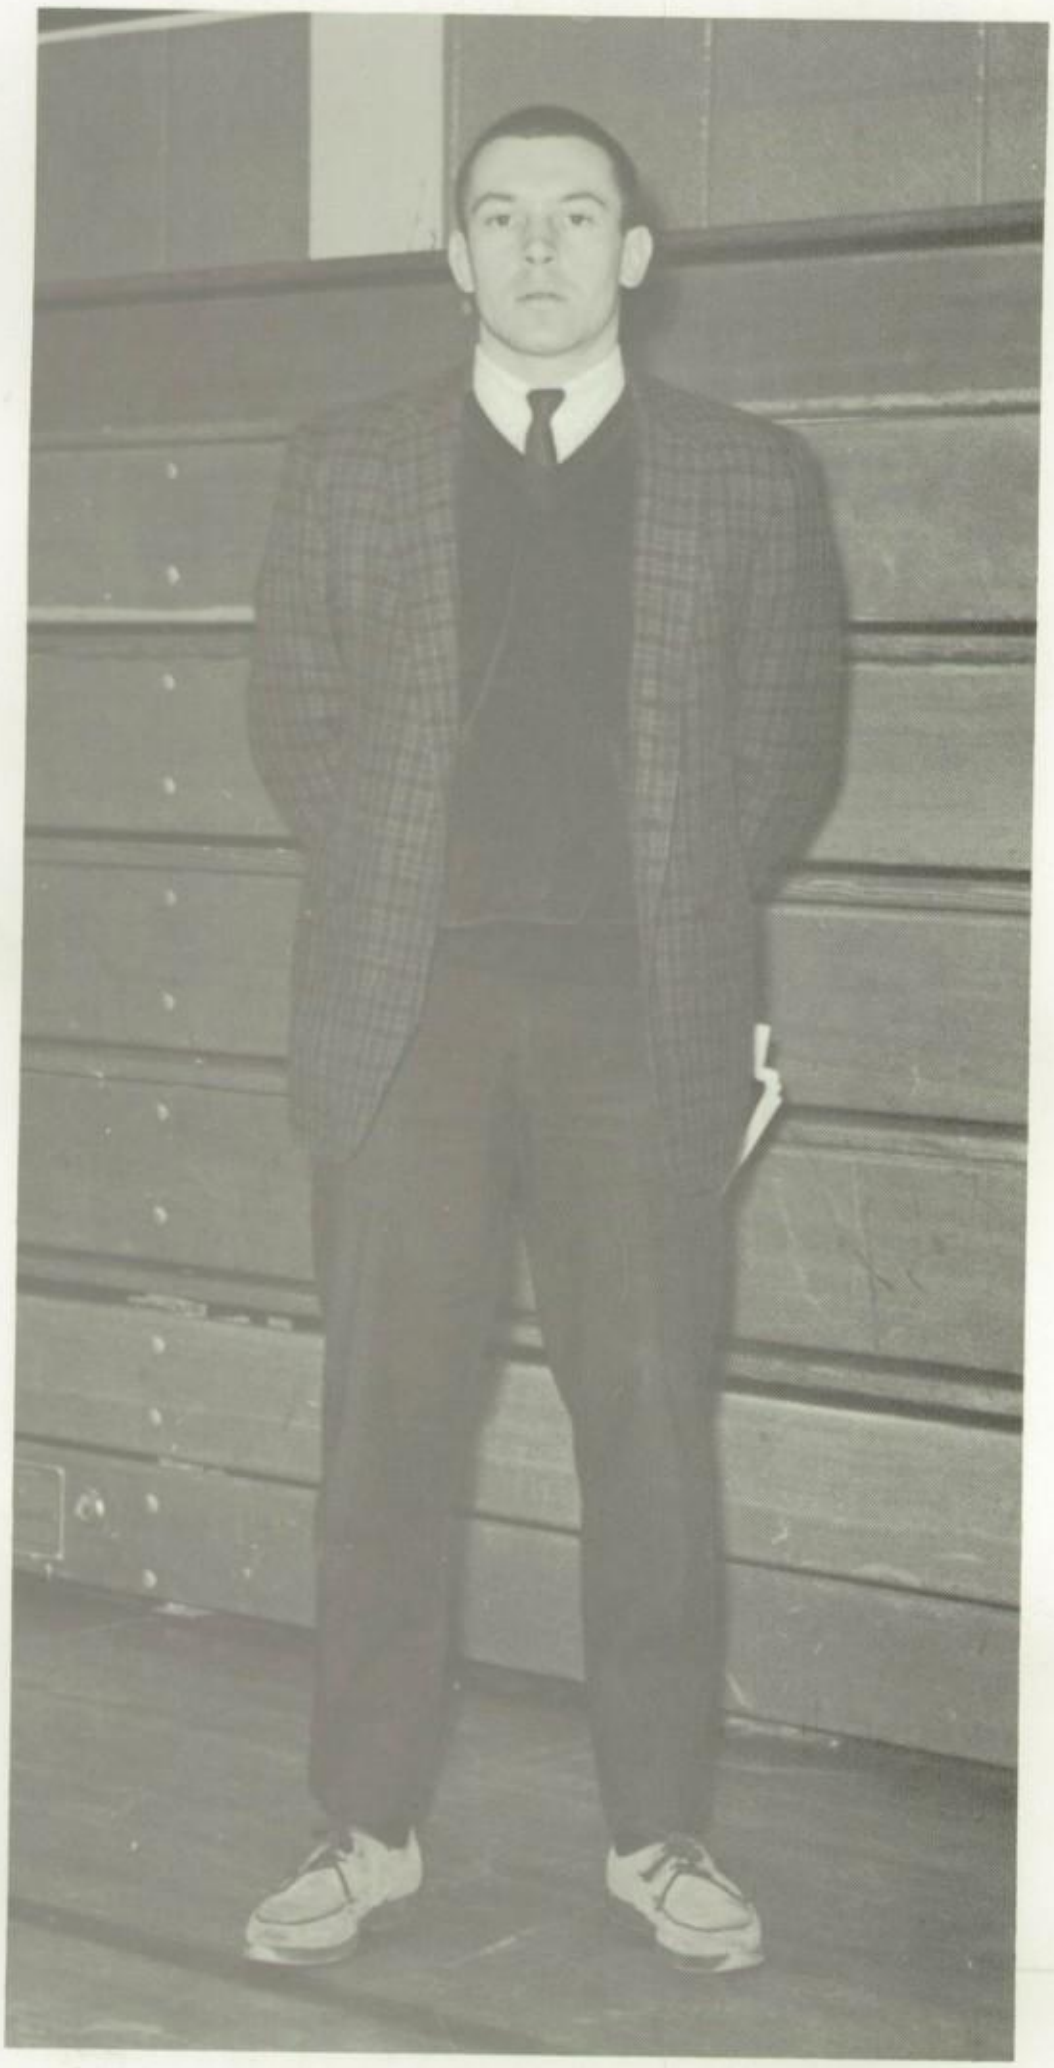
In Dedication



Now that our high school years have come to an end, we pause to think back over the time we have spent here. We have enjoyed being the first class to spend all four years at Jefferson Township High School. We have also enjoyed having had the honour of being aided by the person to whom this book is dedicated. This person has devoted countless hours towards helping make the class of 1968 a success.

You will always be remembered for the inspiration of achievement you instilled in each of us. As a small token of our appreciation, we the class of 1968, proudly dedicate this, our book of memories to you, Mr. Robert Weir.

Thanks is a cliche, but thanks is the only word that fits, and it hardly fits enough. What can we ever say or do to even partially repay him?

His name is Joseph Michael Pedersen. He is young, handsome, and soon after this book is published he will make Helen Sharkey his wife. He is an English teacher, a graduate of Jersey City State College, and he is "Fearless Leader" to a number of people. As advisor of the newspaper and yearbook he has earned that title and much more.

It's only been two years, but to us who have worked with him for that time it seems like so much longer. He has tolerated the intolerable. Budgets at absolute zero, staff members of unbearable temperment, and a series of experiences straight out of the twilight zone. He always came through. He's more than come through. He's smiled through everything. He has seldom lost his temper and never stayed angry longer than ten seconds. Thats nothing short of remarkable. He has given his time, more time than he has, and then some. He has worked harder than his students and has suffered more at the defeats and been more elated at the successes, few as they have been.

So it is to him the staff dedicated this book. It is to him this book truely belongs. And there is nothing we can say but "Thanks."

CLASS OF 68

What would appear to many to be a short, rapid, and pleasant road to graduation is soon to end.

What would appear to others to be a long slow and often burdensome road to graduation from high school is also about to come to an end.

We each have the great responsibility of taking advantage of every opportunity for a better education, in order to give ourselves and our children a brighter and happier living and an opportunity to enjoy the many things we feel are lacking or presently out of reach for us. We should not lose any opportunity to better ourselves either by study or hard work. Our future success will depend upon how carefully and thoroughly we prepare for life.

As we the class of '68 prepare to leave J.T.H.S., we find ourselves looking back thru all our acquired memories. We look back, sometimes with happiness, sometimes with a bit of sadness, but at all times with the knowledge that these memories belong to us and us alone.

Our freshman year, being our first, was filled with many new and surprising experiences. This was a time in which many new and lasting friendships were made, a time which we look back to as our beginning here at Jefferson. It wasn't long before we found that Milton and Hopatcong had no real barriers between them; the two sides of the township which for so many years had seemed miles apart, were now united through the friendships of the students at J.T.H.S. The happenings of these first few months were to be the solid foundation on which we would build a memorable and ever-lasting high school career.

We were to be the first class entering Jefferson as freshman and therefore *the first class to complete four years here!* We had a reputation to build and a tradition to set. We went about building this tradition by becoming a class united — a class which could be found working together for the benefit of all.

And so we took our first step. It was a big step and sometimes we were a bit afraid and confused, but we took it. Four wings on the first day of school seemed like 40 and 40 teachers like 400! But we were determined to make our high school years the best possible, so we marched on.

Who could ever forget our first varsity football victory vs. Newton, where John Robinson scored the winning touchdown or our first wrestling win vs. Pope John in which Jose Hernandez pinned his man.

The opening of the Snow-Bowl ski area next to the high school proved to be the source of many enjoyable leisure hours for many students at Jefferson. Jerry Munsterer will forever be inscribed in Snow-Bowl's "Hall of Fame" for his first place win in the first ski race ever held there. Thru the years Jerry has time and again shown his prowess in skiing and made us proud of his accomplishments.

Our freshman basketball team had the honors of scoring the first basketball victory ever at Jefferson.

Who will ever forget Gary Steneken and Kermit Koch's "geyser" that got water all over Mr. Inhoffer's room or George Eick's "volcano" which sprayed ashes all over Mr. Inhoffer!!

We like to think of our sophomore year with the following phrase ". . . it was a very good year . . ." This was the year that the class of '68 made a name for itself. It was our busiest year and passed by all too quickly. We kept ourselves occupied with many rewarding and unforgetable projects.

Our magazine drive will be one of the most lasting memories of each member of the class. The *complete* participation of all class members enabled this project to be an unqualified success.

Ruth List proved to the outside world that our class was the greatest by winning the local and county senior division of the American Legion Essay Contest.

Joe Rem, Jane Primerano and Albert Conklin were some of the first "newscasters" at Jefferson. They announced school news over radio station WRAN. The job has recently been taken over by Donna Linzalone.

A visit from the Harlem SAT Basketball Team provided unforgettable hours of laughter and amazing entertainment. The Second Annual Awards Nite Dinner honoring all lettermen will long be remembered because of its guest speaker — N.Y. Giants All-Star Roosevelt Brown.

Under the coaching of Mr. McCarty our J.V. basketball team achieved new personalities.They areGlenn Schantz (Rabbit), John Patterson (Sparrow), Ken Harm (Kennaharm), Allan John (Butcher), Joe Rem (Caterpillar), Robert Praino (Spider), Frank Pellitieri (Lurch), Jim Pinto (Jake), Jack (Fly) Mashel and Mike Rocks (Hollywood). Mr. McCarty will remain a vivid memory to all those he coached (especially his ability to handle a baseball bat.)

The memorable first varsity basketball victory vs. High Point was paced by high-scorer, Rich Roskowinski.

The class of '68 again entered the record books with Bill Malespina being the first baseball pitcher to pitch a no-hitter (vs. Morris Catholic) in J.T.H.S.

The Father and Daughter Banquets sponsored by the G.A.A. were occasions not easily forgotten as many fathers displayed their amazing ability to do the unbelievable!

So many of us spent many pleasant hours listening to Mr. Sost's inspiring orations.

This second step in our climb to success was just as important as the first and it drew our class even closer together.

We stepped up to our junior year with wonderful memories behind us and alot to look forward to. This was a year of much promise and confusion, for it seemed we were now grown up and it was time to start thinking seriously of our future. For many of us this meant college and taking tests. Anyone who ever took those S.A.T.'s will never forget the agony!

While thinking seriously, we took time out for something that was alot of fun. Thatwas our Junior Play, "Gentlemen Prefer Blonds." There were times when our director was ready to give up, but we continued and found on opening night that it had been well worth the work. The play was a tremendous success and again we were a proud class.

January was a month of anticipation. Our rings were to arrive. The rings gave us not only a visible symbol of our status, but a feeling of security.

Our fruit cake sale, although not entirely successful, will be long remembered by those people who just seemed to acquire 4 or 5 without paying for them!!

No student at Jefferson will ever forget the day during which the entire school spent two hours and 15 minutes standing in the cold, while a group of able firemen, police and teachers searched the school looking for a bomb! Mr. Milo and Mr. Strucko won't soon forget this occurence (right Mr. Strucko!!)

March was a time filled with much pride for our fellow students. At that time sixteen members of our class were inducted into the National Honor Society. This was the largest number of students ever inducted from one class.

The prom came in May and was an occasion which will be long remembered. No one who attended will ever forget when our renowned history teacher walked in dressed in a mini-dress!

Will Mr. Knowles, Mr. Benfatti, Mr. Jones, or Mr. Weir ever forget when Amie Holdrum almost hit a gas pump; or when Marilyn Wilhelm ran up on someone's lawn??!

Another one of the many"firsts" for our class were the "Senior Hats."

Talk about unusual people! Did you ever meet a girl who's been in the hospital enough times to build a new wing on it?! Or a girl who flys airplanes and has won national contests?!

If anyone wanted to know where any of the seniors were first through third period Monday through Friday, all they had to do was look in the library. Because of the time spent in the library, it has become fondly known as "Paul's Hall' and Donna Pollard has a permanent seat at the second table.

Many Saturday nights were spent at the church dances where many fine bands (Hudson River Burial Society) provided many hours of fine entertainment.

'Pride & Prejudice" was the title of our senior play and again our class showed its ability to work together and put on a really fine play. Our class was not gifted only with acting talent alone. Dale Johnson was recently awarded a Scholastic Arts Award for a water color portrait from M. Epstein's of Morristown. Rich Roskowinski has also done many fine works of art.

As we look toward the future, we begin to realize that the things we have taken for granted here of J.THS will be a thing of the past. As we seniors leave, we realize the importance of so many people for their outstanding participation in sports, music, student government and various clubs or activities.

Although the teams representing the "blue and gold" did not do well "win-loss" wise, some fine athletes (both boys and girls) took the field under the Falcon's insignia. These athletes were the ones who got that one extra yard, scored that badly needed basket, or perhaps got the homerun hit when the bases were loaded. When the team was in a pinch, these people came through with that "something extra." Many fine seniors came out for sports at J.T.H.S. and we're proud of each and every one of them.

As we the 'Class of '68' approach graduation, we wish the remaining students and faculty the best in everything. And we hope that we may always retain both the learning and joys which have been instilled in our hearts here at Jefferson.

Now as we take one last glance at what has been four years of our lives, we would like to express our sincere thanks to all of those who have helped to make them happy and very rewarding.

I would like to take this opportunity to take a few minutes out to thank the *Aerie* staff and all the students who came to lend a helping hand and show the devotion they have in order to make this, the *Aerie* the best yearbook ever published in this school's four year history.

In years to come we will look back and be proud of this book of memories which traces the first four year graduating class from Jefferson Township High School.

We will probably shed a few tears but the happy moments indeed will be there, intact in "Our Book".
